From the Chairman's Desk....

It is a great honour and pleasure for me to be a part of this glorious municipality which has stepped into its 100th year of establishment. Being one of the oldest municipalities of the district, this ULB has witness many changes and achieved many milestones.

With the help of active cooperation from it citizen this municipality has always emerged as a capable and robust institute for effective delivery of service and better governance. The fever of rapid urbanization has gripped the entire nation and this ULB with its efficient, dedicated workforce has learnt to cope with this fast transition in providing timely service to its citizen. The socio-economic, cultural atmosphere of this municipality has gone for a change, if not completely and it has imbibed that spirit of contemporary modern civilization into its system with open hands. With the vision to provide basic urban amenities to every household to improve the quality of life, especially the poor and disadvantageous, this ULB has adopted the Government of India scheme, Atal Mission for Rejuvenation & Urban Transformation (AMRUT). The Service Level Improvement Plan (SLIP) has already been prepared adhering to guideline of AMRUT. At present, the main thrust area of the mission AMRUT is the upgradation of green spaces, development of park and recreation centres, especially for children, the rejuvenation plan includes involvement of local citizens in maintenance and up keep of the park developed. During this financial year 5 no. of parks is to be developed.

Hope we can continue to deliver efficient service beside all round development with our sincere effort in future days.

e - Puroseva

This Municipality has introduced a File, Letter tracking, PWD Quotation & Tender Management and meeting monitoring system "e-PUROSEVA". The system was introduced for smooth and effective tracking of each and every application received by this office. It also records the disposal and status of each application received department wise. The system categorically segregates each application according to their subject matter.

The meeting monitoring system of "e-Puroseva" categorically updates the meeting conducted by this office in the system and digitally keeps record of the proceedings of the meeting. The system encompasses timely updating of various Office Orders, Circulars and Notices. The idea of e-Puroseva is conceptualized with the vision to reduce paper waste and simultaneously saving the environment.

On the other hand, PWD Quotation and Tender Management System is capable of monitoring all tenders, quotations and related required documents electronically.

Akashdeep Project

At prime location of Barrackpore town, a prestigious and ambitious project of a modern residential cum commercial complex has been undertaken by this municipality. The complex is formerly known as Nona Chandan Pukur Bazaar. The location of the complex is at Barasat Road. The complex is closely linked with all facilities such as Railway Station, Bus Stand, Post Office, Market, Bank, Restaurants, and School etc. It is a seven storied building with basement exclusively dedicated for parking and commercial activity. Ground floor of the complex houses a buzzing market and shops. The first floor of the building is earmarked for commercial venture. The remaining floors have been reserved for residential accommodation. The objectives of such an illustrious project are to offer residential apartment at a reasonable price adhering strictly to Construction Code as well as garnering municipal revenue generation.
